Wisconsin Rapids Area Habitat for Humanity (WRAHFH) has served our community since 1992. The COVID-19 Pandemic and rising material costs are creating new challenges for the most recent building project to provide adequate housing for the Golat family. WRAHFH has built 18 affordable homes and completed other various projects assisting those locally in need.

**Would you be able to sponsor this project and support WRAHFH by adopting a material for the home?**

**Thank you for considering making a gift!**

Any amount can be designated to items below; excess funds will go toward needed materials. Please make checks out to WRAHFH and mail with this form to WRAHFH PO Box 1134 Wis Rapids, WI 54495.
